

People come to the hotel to rest, relax and to leave behind their daily routine.

In order to complete this experience we invite you to enjoy a professional and delightful spa treatment - the highlight of any pampering vacation...

This is your leisure time and we are here at your service offering a wide range of soothing massages, holistic therapies and exotic face and body treatments.

Professionally qualified masseurs/masseuses will be happy to give you the best possible treatment, in full accordance with your wishes.

Health Center and Spa time for you to relax...

Swimming pool The pool facility is extensive and surrounded by lawns, gardens, flowers and shady arbors. It is an all year round covered and heated semi-Olympic sized swimming pool. There is also a dry sauna for the enjoyment of hotel guests and a pool store open to hotel guests most of the day (segregated swimming times); while open to subscription members and classes in the evening and in the early morning hours.

Fish spa In the pool area, there is a peaceful treatment room offering a pleasurable, pampering foot massage.

Workout gym In the main building there is a workout gym with treadmills, free weights and bodybuilding apparatus.
